SUMMARY OF THE REASONS FOR DECISION:

The DVD *Sins Of The Flesh* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

Sins Of The Flesh contains a title previously examined and classified as a VHS/PAL video recording by the Office of Film and Literature Classification. The video-recording *Untitled aka Pirate 09* (also known as *Pirate 09 Sins Of The Flesh* and *Sins Of The Flesh*) was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years", with the descriptive note "Contains explicit sex scenes". This decision was dated 06 September 1999.

The DVD version of *Sins Of The Flesh* contains additional material comprising six trailers for sexually explicit features, still images from *Sins Of The Flesh*, background information about the making of the featured scenes, and biographical details about the women participants. There is nothing in the DVD version that requires an alteration to be made to the classification given to the video-recording version of the publication. Therefore the previous classification of *Sins Of The Flesh* as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years" is appropriate, with the same descriptive note.
